

**TS Letters Project**  
(A Listing as of Dec 17, 2004)

Some time ago, I started TS Letters, which was to be a collection of books by and about transsexual. The collection is now over 200 titles, with another equal amount on gender generally. A few books have been bought new, most second hand and many donated, or sent here for review (LAMBDA and TAPESTRY in the USA, LITTLE SISTERS and more in Canada and POLARE in Australia, web published in Germany). Some - actually a growing number, have been donated by owners no longer needing them.

What makes TS Letters unique is that most of the TS specific books have been autographed by the writer. From April Ashley to Caroline Cossey, from Janice Raymond (!!) to Bernice Hausman, from John Money to Ray Blanchard - all of these viewpoints and more have been collected. For your information, a list of the collection is listed below, almost complete. The collection will go to a university or gender clinic/organisation when I am too old to chase books!
